

SUSTAINABILITY

With the United Nations' sustainability in mind, ESA pursues the following:

- * **landscaping:** only native tree/plants, minimize erosion, keep a balance between animal and nature
- * **community:** giving back manure for fertilizer, have people improve their well being by working with horses
- * **education:** educate people how to take care of animals in the 21st century
- * **Good Governance:** knowledgeable board, open structure, finances are to be yearly reviewed by a *certified* accountant
- * **equine welfare:** 24/7 access to hay, barefoot, companionship, minimum 1 acre per horse, no confinement

CONTACT

We are not open to the public, but you are welcome to visit us by appointment. Just give us a call or email us.

EQUINE SANCTUARY ARUBA

at Faye Ranch

OUR GOAL

To give unwanted, neglected, abused, equines a safe haven where they can live their lives in peace and harmony

HOW CAN YOU HELP US

What do we need?

Our Equine Sanctuary's main goal is to take in abused, neglected, and/or unwanted equines. But we have more goals in mind:

(1) make the local people more aware of how to take care of an animal in the 21st century;

(2) give people of all walks of life a chance to work with equines to improve their own well-being;

(3) work in a holistic way, natural medication, barefoot, no loud voices, no whips;

(4) do (scientific) research on hoofs in order to improve the hoof care for our equines.

OUR EQUINES LIKE/NEED

- * hay - carrots - apples - natural medication
- * slow feeder hay nets - plastic hay ball/feeder
- * boots - fly masks - halters - ropes

HOW VISITORS CAN HELP

- * visitors who come to Aruba from the USA or NL and would like to bring stuff for us (like boots, fly masks, ropes, books, natural medication)
- * we are in need of an holistic equine dentist

Before

After 3 months

MONEY

WE ARE RAISING MONEY FOR:

- * fencing/maintenance
 - * saving money so we can take in/help another equine
- One equine costs us about 5000 AWG/3000USD, incl. vet and farrier, per year
